Your Contract Manufacturing Partner

For every project, our team maintains a strong level of communication contributing to a trusting working relationship. Our collaboration with our customers is one of the many reasons Advant Medical has become the 'Partner of Choice' within the medical device industry.

Global Presence

Our multiple facilities ensure our customers have a contract manufacturing partner providing local service on a global platform.

As the Advant Medical Group has evolved, we have spread our wings far and wide and are now established in some of the largest MedTech centres in the world.

With manufacturing operations in Ireland, Mexico and Costa Rica, Advant Medical has a global footprint providing scalable manufacturing solutions supporting our customers throughout their product development journey from prototype to pilot production and high-volume manufacturing.

High & Low Volume
